

Energy-efficient performance. Multimedia power.

AMD Athlon 64x2 processors offer high-end performance in a variety of speeds, especially when paired with the ATI Radeon 780-series graphics engine. Deliver outstanding video performance at 720P, 1080i, and 1080P.

DDC Series Players.

These small, light, nearly silent machines deliver top-quality performance and reliability on an AMD platform. Just 2.5" thin, DDC players can be mounted almost anywhere: behind a screen, onto a wall, inside a drop ceiling, or in almost any other enclosure.

Key Features:

Low power consumption. Up to 10% less than energy than stringent EnergyStar 4.0 limits.

Outstanding video performance at 720P, 1080i, 1080P.

Advanced AMD Athlon64 X2 Dual Core CPU.

Built-in flange for secure mounting.

Designed exclusively for digital signage.

	DDC-HD3	Optional
CPU	Dual Core AMD Athlon 2.1GHz	Up to 2.3 GHz Core Duo
Memory	2 x 512MB Dual Channel DDR2 DIMM	Up to 2GB
Video	AMD/ATI Radeon HD3200	NA
Video Connections	HDMI (w/ HDCP), DVI, RGB, Optional Y-Pb-Pr	USB TV Tuner
Audio	Realtek ALC286 Audio Codec, 2+2 W power amp.	NA
Audio Connections	1/8" Mini Stereo, 1/8" Mini Multi Cannel	NA
Hard Drive	60GB SATA	Solid State Flash
Network	Gigabit Ethernet LAN	USB or Internal WiFi
USB	USB 2.0 x 4 External, x4 Internal	NA
Firewire 1394 port	1394 x 1 External	NA
Serial		NA
Hard Drive Support	SATA x 5, 1 x IDE	NA
Expansion Slots	PCI Express x1, x16, PCI slot	NA
Operating System	Microsoft Windows XP Pro, SP2	Linux, Windows XP Embedded
Software		Scala InfoChannel 2 or 5 Player
Max Resolution	Up to 1080i, 1080P	NA
Warranty	1 Year Exchange	Up to 3 Year Exchange
Dimensions	10 1/4" (d) x 12 1/2" (w) x 2 1/2" (h)	NA
Packaged Dimensions	15 1/4"(d) x 15 1/4" (w) x 6 3/4" (h)	NA
Weight	5 lbs.	NA
Packaged Weight	7 lbs.	NA
